

From chaos to long term value creation

Building the most important bridge of Europe

CircoTrack 24.2.2025, Nina Vielen-Kallio, Head of Circularity, ECHT, nina@echt.community, +31 6 520 90 273

Bridge building

Opportunities and benefits in bridging decommissioning with manufacturing

Focusing on closing loops

Invitation to build “the Bridge of Europe”

Connecting EoL materials
with new value creation in
Europe!

Making futuristic vision
into reality through sector
wide collaboration!

25-2-2025

But what is this **bridge**
we are missing...?

ECHT
— regie in transitie —

1

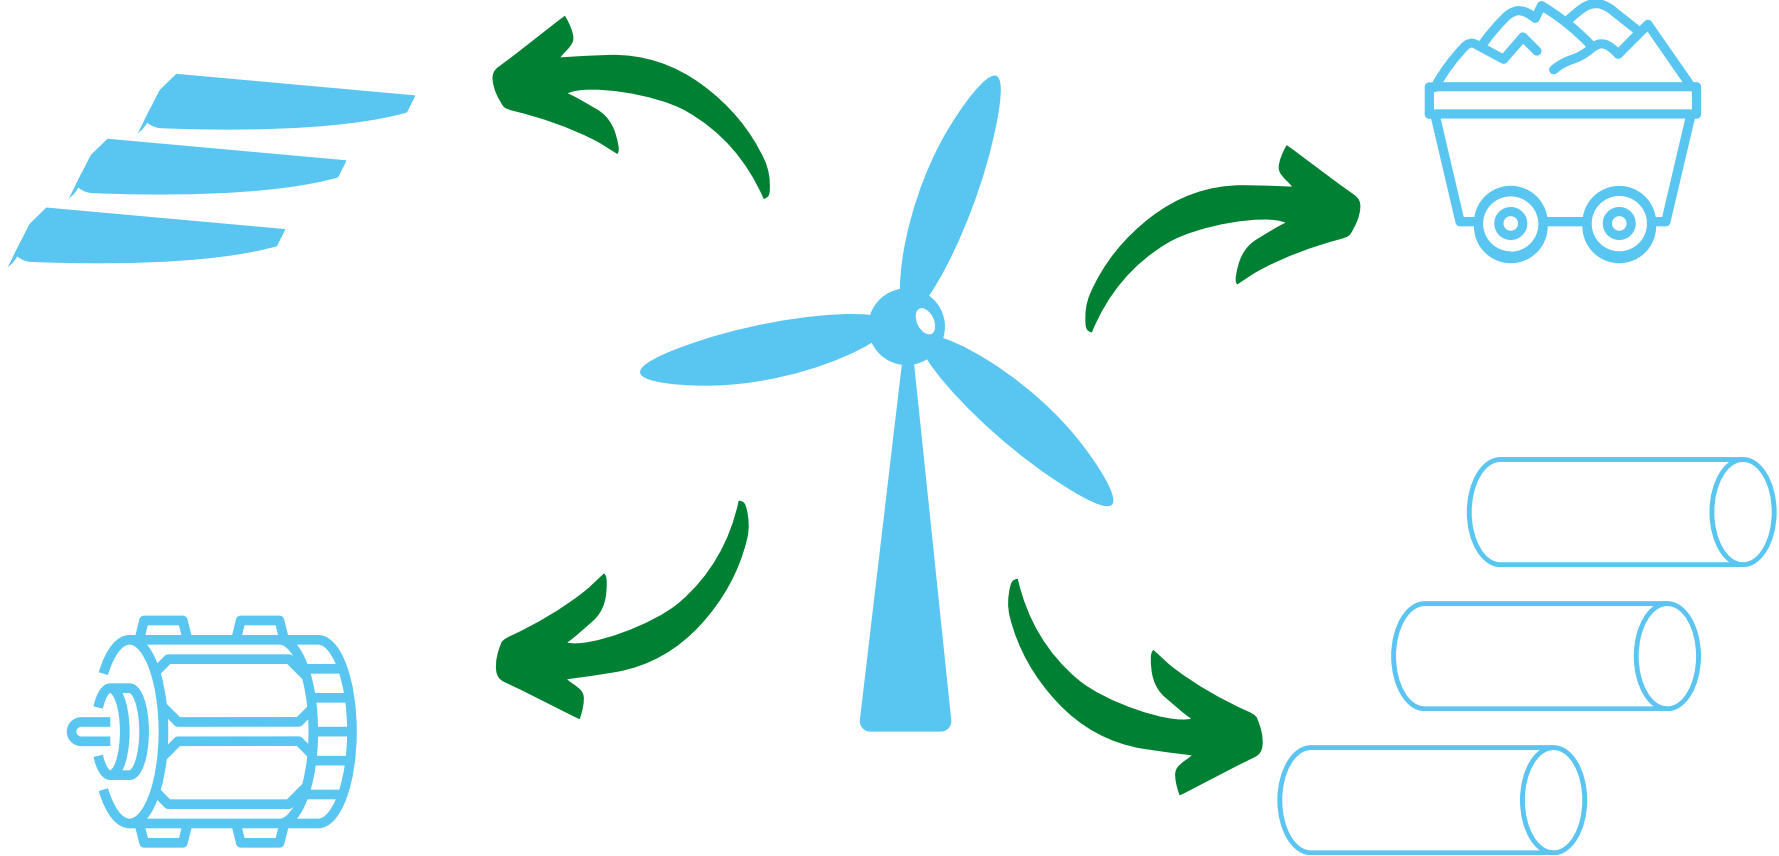

DECOMMISSIONING

**Decommissioning
old wind farms**

ECHT
— regie in transitie —

2

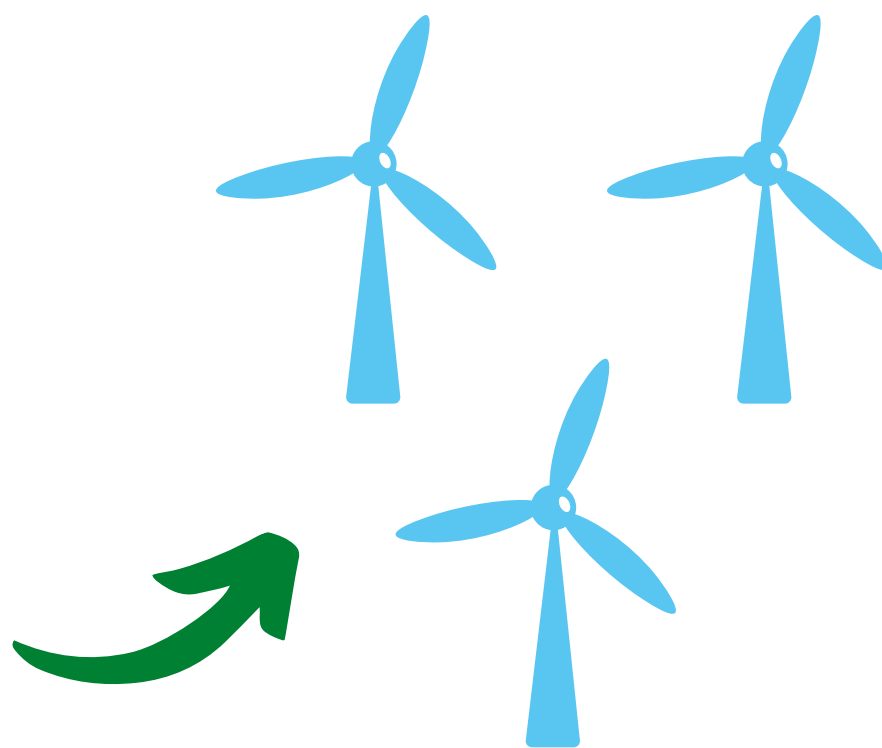

**SEPARATION TO 2ND LIFE OF PRODUCTS,
COMPONENTS AND MATERIALS**

*Separating
for 2nd life use*

ECHT
— regie in transitie —

3

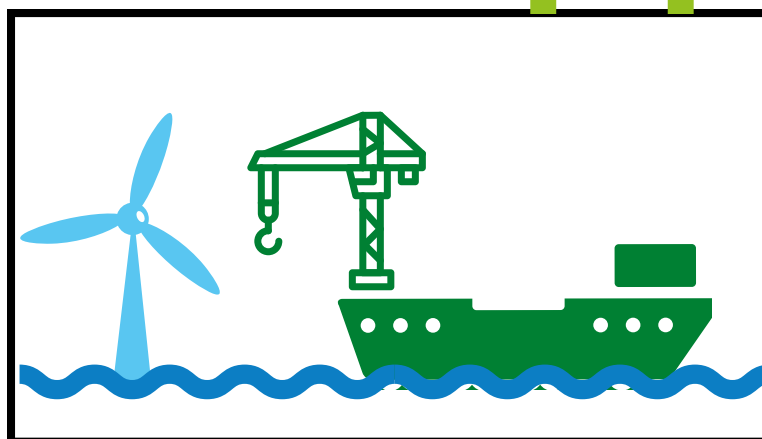

**MANUFACTURING OF NEW
COMPONENTS AND PRODUCTS**

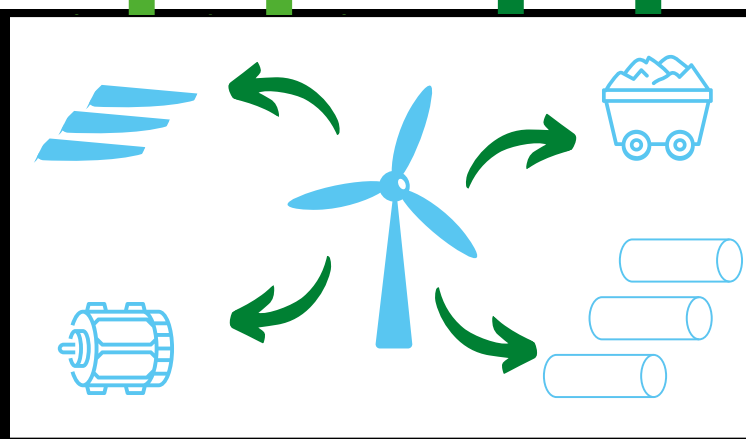

**Manufacturing
new turbines!**

ECHT
— regie in transitie —

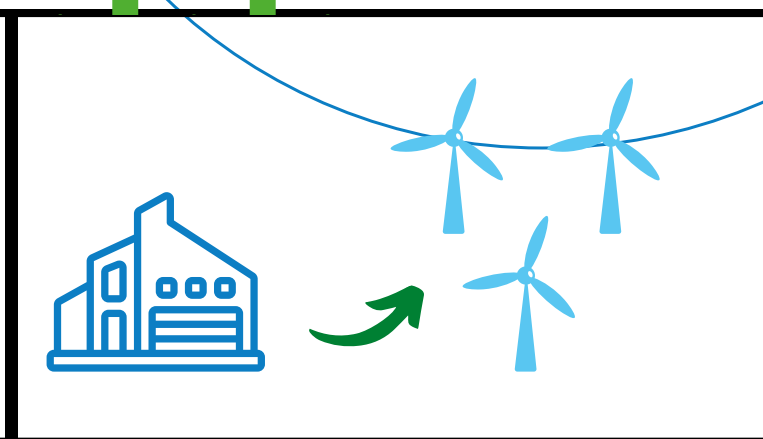

Bridge that connects decommissioning to manufacturing

DECOMMISSIONING

**SEPARATION TO 2ND LIFE
PRODUCTS, COMPONENTS
AND MATERIALS**

**MANUFACTURING OF
NEW COMPONENTS AND
PRODUCTS**

**Keeping valuable raw materials
circulating in Europe!**
